

Redmine - Defect #862

Dates displayed with english monthnames when translated

2008-03-15 00:22 - Kai Olav Fredriksen

Status:	Closed	Start date:	2008-03-15
Priority:	Low	Due date:	
Assignee:	Azamat Hackimov	% Done:	0%
Category:	Translations	Estimated time:	0.00 hour
Target version:		Affected version:	
Resolution:			
Description			
<p>I'm working on a Norwegian translation. In that, I translated the month names as well as localizing the date and time-format. Now dates come up with the english monthnames anyway (like: "15. March 2008" where it should be "15. Mars 2008").</p> <p>From "no.yml":</p> <pre>41 general_fmt_date: %d. %%B %%Y 42 general_fmt_datetime: %%d. %%B %%H:%M 43 general_fmt_datetime_short: %d.%m.%%Y, %H:%M</pre>			

History

#1 - 2008-03-15 02:30 - Kai Olav Fredriksen

Some of the double %'s got away, again (from no.yml):

```
41 general_fmt_date: %%d. %%B %%Y
42 general_fmt_datetime: %%d. %%B %%H:%M
43 general_fmt_datetime_short: %%d.%m.%%Y, %%H:%M
```

#2 - 2008-09-13 22:00 - Azamat Hackimov

- Status changed from New to Closed
- Assignee set to Azamat Hackimov

Months for norsk translated in [#891](#), and I can't reproduce this problem. For me months displayed correct. Kai, leave message if you still have this problem.
