

Redmine - Feature #8826

support for multiply repositories representing the single project

2011-07-15 15:52 - Mike Dubman

Status:	Closed	Start date:	2011-07-15

Target version:			
Resolution:	Duplicate		
Description			
<p>Hi,</p> <p>Some projects rely on many SCM repos. Currently, the project can be connected to single repo only.</p> <p>Not all SCM systems support symbolic-link like pointers to other repos (like svn with externals).</p> <p>Please consider adding feature to associate many SCM repos (git) to single project</p> <p>Thanks</p>
