

Redmine - Defect #9377

 is not inserted before macro in Wiki

2011-10-05 19:24 - Masamitsu Murase

Status:	New	Start date:	2011-10-05
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Text formatting	Estimated time:	0.00 hour
Target version:		Affected version:	1.2.1
Resolution:			
<p>Description</p> <p>
 tag is not inserted before macros in Wiki.</p> <p>For example,</p> <pre>abc !{{hello_world}}</pre> <p>should be converted to</p> <pre><p>abc
Hello world! Object: Journal, Called with no argument.</p></pre> <p>However, it is converted to</p> <pre><p>abc Hello world! Object: Journal, Called with no argument.</p></pre> <p>Detail and cause:</p> <p>
 in Wiki is inserted by hard_break method in "lib/redmine/wiki_formatting/textile/formatter.rb". This method replaces "\n" with "
" as follows:</p> <pre>text.gsub!(/(.)\n(?:\n \Z *([#*=]+(\s \$) [{}]))/, "\\1
") if hard_breaks</pre> <p>It seems that "[{}]" prevents insertion of "
" before CSS style and in table, because CSS style in Wiki starts with "{" and cells of table are separated by " ".</p> <p>Macros in Wiki also start with double "{", so "
" is not inserted before macros.</p> <p>I think that hard_break method should be</p> <pre>text.gsub!(/(.)\n(?:\n \Z *([#*=]+(\s \$) \{[^{} \)\})/, "\\1
") if hard_breaks</pre> <p>to replace "\n" before macros. Environment:</p> <ul style="list-style-type: none">• Redmine version 1.2.1• Ruby version 1.8.7 (patch 174)• Rails version 2.3.5			

History

#1 - 2011-10-05 19:34 - Masamitsu Murase

I sent pull request in GitHub.
Please refer to <https://github.com/edavis10/redmine/pull/44>.

#2 - 2011-10-05 19:49 - Mischa The Evil

- Category set to Text formatting

#3 - 2011-10-05 23:58 - Etienne Massip

Please post the patch here.

#4 - 2011-10-06 18:47 - Masamitsu Murase

- File `wiki_br_insertion_patch.diff` added

I post the patch.

I have already sent a pull request in GitHub.
If it confuses Redmine's contributors, please let me know about what to do.

#5 - 2011-10-06 18:55 - Etienne Massip

Masamitsu Murase wrote:

It does, because GitHub repo is not an official one (check [Contribute](#)) and can potentially differ from the original source.

I think that Eric keep it up to date, though, but this may be not true.

#6 - 2011-10-06 19:01 - Masamitsu Murase

Thank you for your reply, Etienne Massip.

I close the pull request in GitHub to avoid confusion.
