<b>Description</b>	
<p>Hello,</p> <p>Thanks to <a href="http://www.redmine.org/issues/1383">http://www.redmine.org/issues/1383</a>, you can now set Redmine users to be mapped with the committers.</p> <p>However this does not reflect on the statistics screen for the repository, this is viewable as an example here: <a href="http://www.redmine.org/projects/redmine/repository/statistics">http://www.redmine.org/projects/redmine/repository/statistics</a></p> <p>To keep everywhere consistent, I thought it may be best that the change from #1383 be applied on the statistics screen also.</p> <p>Your thoughts are appreciated on this.</p>
