

Redmine - Feature #9604

Make project name in Activity stream items as link

2011-11-18 23:32 - Terence Mill

Status:	New	Start date:	2011-11-18
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:			
Resolution:			
Description			
All is linked in redmine, but not project names in activity stream. Shall be easy but consistent addition. see here - redmine project name is not a link			

History

#1 - 2011-11-19 11:55 - Jean-Philippe Lang

- Subject changed from *make project name in Activity stream items as LiNK* to *Make project name in Activity stream items as link*

The item link (eg. issue, changeset...) sends you inside the project. So I'm not sure that there would be a real benefit.

I don't see the real benefit of linking the project name here either (I btw assume that the link should point to the project-overview). Consistency is the only benefit I can think of, and I'm not sure if that is worth such a change (think of the possible load-increase).
