

Redmine - Feature #972

Add "All time" to timelog report

2008-04-01 11:16 - Maxim Krušina

Status:	Closed	Start date:	2008-04-01

Target version:	0.7		
Resolution:	Fixed		
Description			
It should be great to have same "date range selector" in both /timelog/details and /timelog/report. I prefer that one in /timelog/details because I most often use "(o) All time" selected. In /timelog/report I have to check every time if start/end dates are correct, which is bothering me ;)

Revision 1318 - 2008-04-01 21:40 - Jean-Philippe Lang

Add predefined date ranges to the time report in the same way as the details view (closes #972). It nows defaults to 'All time'. This patch also fixes time report periods (columns) computation.

History

#1 - 2008-04-01 22:06 - Jean-Philippe Lang

- Target version set to 0.7
- Resolution set to Fixed

Committed in [r1318](#). Time report has now the same filters as the details view.
