

Redmine - Defect #9996

configuration.yml in documentation , but redmine ask me to create email.yml

2012-01-13 22:57 - Artem Deykun

Status:	Closed	Start date:	
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:	Translations	Estimated time:	0.00 hour
Target version:	2.3.2	Affected version:	1.3.0
Resolution:	Fixed		
Description			
documentation says, that it is need to create configuration.yml http://www.redmine.org/projects/redmine/wiki/EmailConfiguration			
I created:			
production: email_delivery: delivery_method: :smtp smtp_settings: tls: true enable_starttls_auto: true address: "smtp.gmail.com" port: '587' domain: "smtp.gmail.com" authentication: :plain user_name: "****" password: "****"			
But my redmine version 1.3.0 says:			
Email delivery is not configured, and notifications are disabled. Configure your SMTP server in /etc/redmine/<instance>/email.yml and restart the application to enable them.			

Associated revisions

Revision 11980 - 2013-06-15 13:49 - Toshi MARUYAMA

replace "email.yml" to "configuration.yml" in pl.yml (#9996)

Revision 11981 - 2013-06-15 14:55 - Toshi MARUYAMA

Merged r11980 from trunk to 2.3-stable (#9996)

replace "email.yml" to "configuration.yml" in pl.yml.

History

#1 - 2012-01-13 23:19 - Etienne Massip

I guess you're not running Redmine 1.3.0, 1.3 really does not care about email.yml.

Please post details according to [SubmittingBugs](#).

#2 - 2012-01-14 10:39 - Jean-Philippe Lang

Are you using "fa" language ?

#3 - 2013-06-11 00:14 - Filou Centrinov

- File pl.yml.patch added

- Category set to Translations

This message has to be anywhere in the translations. I checked all translations and only pl.yml still uses a wrong translation with "email.yml", like fa.yml does it about one year ago. Therefore we can close this issue after this patch was applied.

#4 - 2013-06-12 21:19 - Filou Centrinov

- Target version set to Candidate for next minor release

#5 - 2013-06-12 21:26 - Filou Centrinov

- Target version changed from Candidate for next minor release to 2.4.0

It's just a simple translation patch, therefore I hope you agree that this patch is warrantable to be fixed in the next release.

#6 - 2013-06-15 13:26 - Toshi MARUYAMA

- Target version changed from 2.4.0 to 2.3.2

#7 - 2013-07-11 19:49 - Jean-Philippe Lang

- Status changed from New to Closed

- Resolution set to Fixed
